TOPSoccer is designed to enable kids with special needs to become valued and successful members of the RSC family. Instructional sessions follow a structured format and focus on having FUN with soccer. Practices combine exercise, skill training, and small-sided games. For kids unable to participate in a "team" environment, we offer a skills course designed to be challenging and fun.

Each TOPS player will be paired with a BUDDY, who will guide and assist the player in each session. Our TEAM BUDDIES are high school/middle school youth volunteers who are trained to be a TOPSoccer Buddy. The program has 4 trained adult coaches to coordinate and run each session.

Registration form is on the website. Mail to the address on the form or bring to first session.
